

The new book “Clinical Avian Medicine” Volume I and II

The source of detailed information about avian medicine and surgery for veterinarians, biologist, ornithologist, pet bird owner and bird breeders.

- Both books printed entirely in full colour (over 1000 colour images in Volume I and 300 in Volume II).
- Fresh perspectives on common clinical disorders and practical solutions
- Current scientific data relevant to clinical avian practice
- Innovative imaging techniques
- Three-section chapter on avian behaviour and behaviour modification
- Update on macrorhabdosis (formerly megabacteria)
- Broad-based referenced formulary and full chapter on pain management
- Step-by-step surgical procedures and techniques
- Extensive review of renal physiology and diseases
- Practical, useful diagnostic support in the areas of physical examination, nutritional evaluation, haematology, biochemistries and endoscopy
- Breakthrough contributions in the areas of integrative medicine, wellness programs, preventive medicine and screening and low-risk pest control

Clinical Avian Medicine is an exciting new work that offers topics of concern to contemporary avian practitioners from fresh perspectives. Published in full colour with many step-by-step procedures, this text is sure to become a significant practical reference for the enthusiastic avian clinician.

As Dr. Harrison puts it, “Because medicine and surgery of captive birds has become more mainstream in clinical veterinary practice, there are already available a number of comprehensive reference texts to serve the avian practitioner. The purpose of Clinical Avian Medicine is to provide some highlights of emerging thoughts, techniques and procedures that are currently being assimilated into avian practice.”

Dr. Greg Harrison

Dr. Teresa Lightfoot

Greg J. Harrison, DVM, Dipl ABVP -Avian, Dipl ECAMS and Teresa Lightfoot, DVM, Dipl ABVP have compiled the expertise and experience of 50 international contributing authors (and 50 reviewers) to produce an extraordinary two-volume reference for veterinarians and other avian health professionals.

The overview about the “Clinical Avian Medicine”

Volume I

Chapters

1. **Clinical Practice** – Greg J Harrison, Gwen B Flinchum
2. **The Companion Bird** - Angela M Lennox, Greg J Harrison
3. **Concepts in Behaviour**

(Section I) **The Natural Science of Behaviour** - Susan G Friedman , Tom M Edling, Carl D Cheney
(Section II) **Early Psittacine Behaviour & Development** – Liz Wilson, Phoebe Greene Linden, Teresa L Lightfoot
(Section III) **Pubescent & Adult Psittacine Behavior** - Liz Wilson, Teresa L Lightfoot

4. **Nutritional Considerations**

- (Section I) **Nutrition and Dietary Supplementation** - Debra McDonald
(Section II) **Nutritional Disorders** - Greg J Harrison, Debra McDonald
5. **Calcium Metabolism** – Michael Stanford
 6. **Maximizing Information from the Physical Examination** – Bob Doneley, Greg Harrison, Teresa L Lightfoot
 7. **Emergency and Critical Care** – Greg Harrison, Teresa L Lightfoot Gwen B Flinchum
 8. **Pain Management** - Joanne Paul -Murphy
 9. **Therapeutic Agents** – Keith Marx
 10. **Integrative Therapies** – Bob Ness
 11. **Low-risk Pest Management** – Diana Post
 12. **Evaluating and Treating the Cardiovascular System** – Michael Pees, Maria -Elisabeth Krautwald -Junghanns, Jens Straub
 13. **Integument** – Teresa L Lightfoot, Robert E Schmidt
 14. **Evaluating and Treating the Gastrointestinal System** – Stacey Gelis
 15. **Evaluating and Treating the Liver** - Manfred Hochleithner, Claudia Hochleithner, Lori Danielle Harrison

Volume II

Chapters

16. **Evaluating and Treating the Kidneys** – Scott Echols
17. **Evaluating and Treating the Nervous System** - Simon R Platt
18. **Evaluating and Treating the Reproductive System** – Heather L Bowles
19. **Endocrine Considerations** – Stormy Hudelson, Paul M Hudelson
20. **Overview of Tumors**
(Section I) **Clinical Avian Neoplasia and Oncology** -Teresa L Lightfoot
(Section II) **A Retrospective Study of Case Submissions to a Specialty Diagnostic Service** - Michael Garner
21. **Preventive Medicine and Screening** – David N Phalen
22. **Diagnostic Value of Hematology** – Jaime Samour
23. **Diagnostic Value of Biochemistry** – Kendal E Harr
24. **Diagnostic Value of Endoscopy and Biopsy** – Michael Liertz
25. **Advances in Diagnostic Imaging** - Peter Helmer
26. **Diagnostic Value of Necropsy** – Madeline A Rae
27. **Update on *Chlamydophila psittaci*: A short comment** – Thomas N Tully
28. **Implications of Mycobacteria in Clinical Disorders** – Christal G Pollock
29. **Implications of Mycoses in Clinical Disorders** – Robert D Dahlhausen
30. **Implications of *Macrorhabdus* in Clinical Disorders** – David N Phalen
31. **Implications of Toxins in Clinical Disorders** - Jill A Richardson
32. **Implications of Viruses in Clinical Disorders** - David N Phalen
33. **Updates in Anesthesia and Monitoring** – Thomas M Edling
34. **Surgical Resolution of Orthopedic Disorders** - Peter Helmer, Pat Redig
35. **Surgical Resolution of Soft Tissue Disorders** – Heather L Bowles, Espen Odberg, Greg J Harrison, Jack Kottwitz
36. **Management of Waterfowl** – Gwen B Flinchum
37. **Management of Racing Pigeons** – Jan Hooimeijer
38. **Management of Galliformes** – Gary D Butcher
39. **Management of Canaries, Finches & Mynahs** –Peter Sandmeier, Peter Coutteel
40. **Management of Raptors** – Jaime Samour
41. **Management of Captive Ratites** – Bob Doneley
42. **Management of Zoo and Park Birds** – Lorenzo Crosta, Linda Timossi, Marcellus Bürkle

Prices for orders from EU countries:

Books: “Clinical Avian Medicine” Volume I and II **including the 7% German VAT and the surface shipping costs** are Euro 248,70.

DVD containing the books : “Clinical Avian Medicine” Volume I and II and the book “Avian Medicine: Principles and Application” from Harrison, Harrison and Ritchie **including the 19% German VAT and the surface shipping costs** is Euro 159,80.

Prices for orders from Europe outside of the EU countries:

Books “Clinical Avian Medicine” Volume I and II **including the surface shipping costs** are Euro 248,70.

DVD containing the books: “Clinical Avian Medicine” Volume I and II and the book “Avian Medicine: Principles and Application” from Harrison, Harrison and Ritchie **including the surface shipping costs** is Euro 159,80.
