Recommended Remedies for Clients' Home Use

AVI_x AVIAN CARE PRODUCTS

BIRD RAIN[®]

A Natural Bird Bath

spray bottle 237 ml
refill bottle 473 ml

BENEFITS

- Effectively cleans the feathers
- Acceptable for daily use
- Brings out the natural luster of feathers
- Promotes skin health
- Reduces feather dander and dust
- Restores moisture to feathers and skin
- Provides a one-step approach to bathing (no need to rinse)

SUNSHINE FACTOR[®]

A Natural Food Source

vial 30 ml, vial 118 ml

BENEFITS

- Beneficial for all birds with dry flaky skin and balding feet, especially older birds
- Enhances sheen and color in feathers
- Has a high antioxidant (vitamin E) and carotenoid content (precursor to vitamin A)
- Contains a good balance of essential fatty acids, especially omega 3 and omega 6
- Consists of 100% organic Brazilian dende (red palm fruit) oil

BOOSTER[®]

A Dietary Supplement

vial 30 ml, vial 118 ml

BENEFITS

- Provides antimicrobial and antiprotozoal properties
- May enhance the immune system
- May help reduce feather picking
- Inhibits non-autochthonous life forms while allowing native avian GI flora to repopulate
- Has a high antioxidant/carotenoid content
- Contains a good balance of essential fatty acids, especially omega 3 and omega 6
- Includes monoglyceride of an edible fatty acid suspended in organic Brazilian dende (red palm fruit) oil

SOOTHER[®] SPRAY

A Skin Irritation Reliever

spray bottle 237 ml

BENEFITS

- Promotes healing of sensitive skin and superficial lesions often noted in early feather picking and mutilation
- Reduces superficial itching and provides comfort during molting
- Uses transdermal technology for efficacy of topical application
- Can be easily applied to broad areas

SOOTHER[®] OINTMENT

An Effective Pain Reliever

vial 15 ml

BENEFITS

- Effectively manages pain, swelling and inflammation
- Provides pain relief for bruises, trauma, muscle cramps, post-surgical incisions and self-inflicted wounds
- Uses transdermal technology for efficacy of topical application
- Can be applied directly to lesions

SOOTHER PLUS[™] CREAM

An Effective Pain Reliever and Nontoxic Antimicrobial

vial 15 ml, vial 30 ml

BENEFITS

- Provides the benefits of Soother[®] ointment with the addition of a nontoxic alternative to antibiotics for management of skin infections
- Delivers antiviral, antibacterial and anti-yeast properties to superficial lesions

BIRD BUILDER[®]

A Trace Mineral and Iodine Supplement

vial 30 ml, vial 118 ml

BENEFITS

- Supplements trace minerals and iodine missing from a seed diet
- Enhances feather strength and appearance
- Helps control incidence of fatty liver disease and obesity
- Helps support the body's enzymes
- Contributes to an overall healthy immune system
- Supports conversion to a formulated diet

NEW! HEAL_x MAMMAL AND REPTILE CARE PRODUCTS

SUNSHINE FACTOR[™]

vial 30 ml, vial 118 ml

BENEFITS

- May benefit the animal's skin, coat, cardiac and immune system
- Easy to administer; animals like the taste
- Has a high antioxidant content (vitamin E) and high carotenoid content (precursor to vitamin A)
- Contains a good balance of essential fatty acids, especially omega 3 and omega 6
- Consists of 100% organic Brazilian dende (red palm fruit) oil

BOOSTER[™]

A Dietary Supplement

vial 30 ml, vial 118 ml

BENEFITS

- May benefit the animal's skin, coat, cardiac and immune system
- Provides antimicrobial and antiprotozoal properties
- Easy to administer; animals like the taste
- Has a high antioxidant content (vitamin E) and high carotenoid content (precursor to vitamin A)
- Contains a good balance of essential fatty acids, especially omega 3 and omega 6

AVIx AVIAN CARE PRODUCTS

TOPICALS	INDICATIONS	USAGE
 Bird Rain®	A convenient all-natural bath, this spray helps revitalize skin and feathers that have lost normal moisture due to dry, indoor environments. It brings out the natural luster of feathers and decreases dander and feather dust.	Hold spray several inches from the bird and apply a fine mist as needed. Provides a one-step approach to bathing (no need to rinse); acceptable for daily use.
 Soother® Spray	This patented formula, which provides fast acting pain relief, promotes healing of sensitive skin and superficial lesions often noted in early feather picking and mutilation.	Hold spray several inches from the bird and apply a fine mist to irritated area several times a day or as directed by the veterinarian. Discontinue use if redness or irritation occurs. Thoroughly bathe the bird weekly during treatment to avoid buildup.
 Soother® Ointment	This concentrated patented formula, which provides fast acting pain relief, promotes healing of most skin irritations and superficial lesions. Provides localized pain relief for bruises, trauma, post-surgery and self-inflicted wounds. It also effectively manages swelling and inflammation.	Apply topically with cotton-tipped applicator and massage into affected area. Use as recommended by the veterinarian. Discontinue use if redness or irritation occurs. The bird may need several treatments per day to manage pain.
 Soother Plus® Cream	The benefits of Soother® ointment with a nontoxic alternative to antibiotics for management of skin infections; may reduce local pathologic viral, bacterial and fungal populations in superficial lesions.	Apply topically with cotton-tipped applicator and massage into affected area. Use as recommended by the veterinarian. Discontinue use if redness or irritation occurs. The bird may need several treatments per day to manage pain or inflammation and control infection.

CONSUMABLES	INDICATIONS	USAGE
 Booster®	A dietary supplement that inhibits non-autochthonous life forms while allowing native GI flora to repopulate; may enhance the immune system. Contains naturally-occurring antibacterial and antiprotozoal properties, high antioxidant and carotenoid content, and a good balance of essential fatty acids. It may also help reduce feather picking.	AVIx Booster® is semisolid at room temperature. To liquefy, place bottle in hot water (43 °C) for a few minutes. Mix 1 tsp (5 ml) liquefied Booster® with 455 g of the bird's consumable food in a bowl and return to original bag for storage. Alternatively, administer orally 130 mg (one level plastic measuring spoon full) per 250 g bird's body weight daily. Continue use until normal body immune function is achieved.
 Sunshine Factor®	This fatty acid supplement comes from a miniature palm tree, which is a natural food source for parrots in the wild. For use in all birds with dry flaky skin, balding feet and lack of sheen and improper color in feathers. It is especially beneficial in older birds.	AVIx Sunshine Factor® is semisolid at room temperature. To liquefy, place bottle in warm water (27 °C) for a few minutes. Mix 1 tsp (5 ml) liquefied Sunshine Factor® with 455 g of the bird's consumable food in a bowl and return to original bag for storage. Alternatively, administer orally 130 mg (one level plastic measuring spoon full) per 250 g bird's body weight daily.
 Bird Builder®	This iodine and trace mineral supplement is a simple way to fortify the drinking water of any bird that eats primarily seeds. Builder® contains 52 naturally-occurring trace minerals, including calcium, potassium, sulphur, magnesium, iron, phosphorus, manganese, copper, selenium and zinc.	Add 30 ml Bird Builder® to 4 L bottled "drinking water;" adjust for larger quantity. Keep refrigerated. Use as the bird's only source of drinking water. Not recommended for use with birds eating a formulated diet or taking iodine supplements.

HEALx MAMMAL AND REPTILE CARE PRODUCTS

CONSUMABLES	INDICATIONS	USAGE
 Booster®	A dietary supplement that may enhance the immune system. Contains naturally-occurring antibacterial and antiprotozoal properties, high antioxidant and carotenoid content, and a good balance of essential fatty acids.	HEALx Booster™ is semisolid at room temperature. To liquefy, place bottle in hot water (about 43 °C) for a few minutes.
